

Sign up today for Rancho California Water District's

Residential Landscape Water Management Workshops

Myth # 1: To have a stunning landscape area you have to water extensively. Absolutely not! These workshops will show you how to significantly decrease landscape water use and still have a beautiful yard. Participants will learn the importance of preventing irrigation runoff, how to recognize and repair water waste in the landscape, and understand the importance of knowing their soil type in order to determine landscape water needs.

Date: October 9th, 16th, 23rd & 30th

Time: 9:00am—12:00pm

Rancho California Water District
Board Room
42135 Winchester Road
Temecula, CA

Workshop Topics:

October 9th—Water Overview and Irrigation
October 16th—Low Water Use Landscape Plants
October 23rd—Soils and Sprinkler Scheduling
October 30th—Water Wise Landscape Design

To register please contact Karen Wright at (951) 296-6900 or at wrightk@ranchowater.com. Each workshop is limited to 70 people.
